A CALLER.

The Next Best Thing to the Pine Forest for Colds is

Dr. Bell's Pine-Tar-Honey which goes to the very root of cold troubles. It clears the throat and gives relief from that clogged and stuffed feeling. The pines have ever been the friend of man in driving away colds. Moreover, the pine-honey qualities are peculiarly effective in fighting children's colds. Remember that a cold broken at the start greatly removes the possibility of complications. 30c.
